EXPERT'S OPINION

Petrykin A.A. Anti-corruption compliance in the company: the main elements of the system

Summary

The paper covers the anti-corruption compliance issues. The author substantiates the need for effective intra-corporate system, which would have prevented the use of bribes as a way to gain an advantage in business, winning the state tenders and the like.

Due to the fact that many Russian companies work overseas, as well as cooperate with foreign partners, they must be guided by US Foreign Corrupt Practices Act 1977 and UK Bribery Act 2010. The author gives a list of requirements established by these laws, and tells how to meet them. In particular, he considers the necessary components of an effective anti-corruption compliance system of the company, describes the procedures for checking staff and suggests ways, using which the company management can find out about violations.

Key words: anti-corruption compliance, bribe, code of business conduct, risk management, hot line. □

Авторам

Требования к оформлению текстов статей

1. Статьи, направляемые в редакцию, должны быть оригинальными, не опубликованными ранее в других изданиях и интернет-ресурсах.
2. Число авторов статьи не должно быть более четырех человек.
3. Рекомендуемый объем статьи – не более 15 страниц, иные материалы – по согласованию с редакцией.
4. К статье необходимо приложить:
 - краткую аннотацию и ключевые слова;
 - список использованной литературы;
 - сведения об авторах (Ф.И.О., место работы, должность, ученая степень, ученое звание, номера телефонов, e-mail);
 - фотографии авторов в электронном виде (форматы .JPG без компрессии (сжатия) или .TIF, разрешение 300 dpi, размер не менее 60*80 мм (или 700*900 px).
5. Правила оформления текста.
 - Текст статьи набирается через 1,5 интервала в текстовом редакторе Word для Windows с расширением DOC или RTF, шрифт 12 Times New Roman, из расчета 1800 знаков с пробелами на одной странице формата А4.
 - Рисунки и таблицы в статью не вставляются, а даются отдельными файлами. В тексте статьи должны приводиться только ссылки на номера рисунков.
 - Рисунки предоставляются в электронном виде: растровые файлы – в формате .TIF или .JPG (без компрессии) 300 dpi, CMYK; векторные – CorelDraw (.CDR) или Adobe Illustrator (.AI, .EPS) (тексты в кривых, bitmap 300 dpi).
 - Единицы измерения в статье следует выражать в Международной системе единиц (СИ).
 - Все таблицы в тексте должны иметь названия и сквозную нумерацию. Сокращения слов в таблицах не допускается.
 - Литературные источники должны быть представлены библиографическим списком в конце статьи. Нумерация источников в списке идет в последовательности упоминания в тексте.
 - Ссылки на неопубликованные работы не допускаются.
6. Правила оформления ссылок.

При ссылках на авторов в тексте следует указывать сначала инициалы, затем фамилию; в сноске, наоборот, сначала указывается фамилия, затем инициалы автора.

При упоминании публикации обязательно приводится полное название публикации и выходные данные – название статьи / книги / журнала / место издания, год, номер, страница.

При упоминании нормативного акта необходимо полностью указать в тексте его вид (Федеральный закон, Указ Президента Российской Федерации, постановление Правительства Российской Федерации и т.д.), дату принятия (в формате день, месяц, год), номер, привести в кавычках полное (без сокращений) наименование (в том числе – не РФ, а Российской Федерации). В этом случае в сноске достаточно указать источник публикации.

Можно привести в тексте сокращенное наименование акта, однако дающее правильное представление о документе. В этом случае в сноске необходимо привести его полное название и источник публикации.

Все сноски размещаются постранично.
7. Плата за публикацию научных статей не взимается.
8. Статью необходимо направить в редакцию на адрес электронной почты: info@lawtek.ru.
9. Авторы также при желании могут разместить информацию о себе на портале www.lawtek.ru.
